President Truman Prepares Second Brazil Address

Will Speak Before Joint Session Of Brazilian Congress On Friday Evening

RESTS TODAY AT U. S. EMBASSY

By ROBERT G. NIXON
(U. S. Staff Correspondent)

RIO de JANEIRO, Sept. 3.—President Truman went into seclusion in the U. S. embassy today to prepare a second major pronouncement on hemisphere solidarity which he will deliver before a joint session of the Brazilian congress.

The historic event, marking the first time a U. S. president has appeared before Brazil's highest legislative bodies, will occur Friday in Rio de Janeiro.

It will follow by two days Mr. Truman's address to the closing session of the Inter-American defense conference in which he pledged the United States as an arsenal for peace in a unified hemisphere.

Return To Embassy

Mr. Truman and his family returned to the U. S. embassy late yesterday after a reception aboard the U. S. Battleship Missouri in Rio harbor.

The presidential family plan to live quietly until after Mr. Truman's speech before the congress when there will be a series of official dinners for both U. S. and Brazilian presidents and leading diplomats.

The round of social activities will lead up to Sunday's gala celebration of the 125th anniversary of Brazil's independence.

Margaret Truman was the guest of Carlos Quinle, reputed to be the "richest man in Rio," at a dance for the capital's younger set last night.

The president and his first lady dined quietly at the embassy with Ambassador and Mrs. William D. Pawley, Adm. William D. Leahy, the president's chief of staff, and Brig. Gen. Wallace H. Graham, presidential physician.

CASCADE GROVE
YET AVAILABLE

Excepting for one or more picnics, Cascade Park operations are still. However, the grove is available for outings. Utilities for preparing meals and luncheons are available, and it is probable that with continued good weather there will be many basket dinners there yet.

FACULTY MEMBER DIES

PITTSBURGH, Sept. 3.—(INS)—Dr. Frank S. McGinnis, 42, a member of the University of Pittsburgh school of pharmacy faculty for 22 years, died in a Pittsburgh hospital late yesterday following a long illness.

Pa Newc Observes

Pa Newc notes that the one room frame school building that stood in Neshaunock township at the end of Highland avenue is being moved off the site. The school was abandoned some years ago. The building is probably to be used for housing or other purposes in the general vicinity.

Today will long be a memorable day in many homes in New Castle. It's the first day of school and for many six year olds marks the beginning of their school careers.

Pa Newc gets a report that a local fisherman caught a 15-inch bass in the Neshaunock creek, during the past few days.

Steady increase in the number of motor-powered bicycles in use in this area, has resulted in a warning from the state police that drivers of these machines must be registered and pass a driver's test.

Daily Weather Report

United States weather statistics for the 24-hour period ending at 9 a. m. today follow:

Maximum temperature, 80.
Minimum temperature, 58.
Precipitation, none.
River stage, 6.9 feet.

Statistics for the same date a year ago follow:
Maximum temperature, 72.
Minimum temperature, 38.

Bevin Mourns Failure To Redistribute Gold Reserve At Fort Knox

(BULLETIN)

SOUTHPORT, England, Sept. 3.—(INS)—British Foreign Secretary Bevin today mourned the failure of the United States to "redistribute the Fort Knox gold" reserve as an aid to world recovery.

He told the British Trades Union Congress at Southport: "My own conviction is that America has handicapped herself and caused high taxation in the United States by her failure to redistribute the Fort Knox gold."

"It is doing nothing. I am sure it is one of the readiest ways to assist in increasing purchasing power in the devastated areas of the world."

The gold buried at Fort Knox, Ky., is valued at several billion dollars.

Bevin deprecated anti-American

taunts about dollar diplomacy and warned:

Can't Settle By Slogans

"You won't settle this balance of payments business by slogans." He pointed out, however, that Britain is being compelled to undertake actions which "I know will upset these Americans."

The foreign secretary plowed through a very technical economic review illuminated occasionally by typical Bevin oratory.

He protested against accusations that he is attempting to the United States and asserted: "No one can accuse me of wanting to be subservient either to the East or West."

New Walkouts In Mines In Britain

LONDON, Sept. 3.—(INS)—The strike situation in the South Yorkshire coal mines worsened today with new walkouts which made more than 35 pits wholly or partially idle.

The number of miners striking in sympathy with workers at the Grimsby colliery approached 40,000.

Officials feared that the remainder of the 140 pits in the region may be idle by tomorrow.

(A BBC report placed the number of struck mines at 40.)

Predicts Need Of Special Session On Marshall Plan

WASHINGTON, Sept. 3.—(INS)—Rep. Hays (D Ark.) predicted the need today of a special session of congress this fall to begin work on the Marshall plan.

Hays based his assertion on a seven-week independent tour of Europe which he completed last month. The Arkansas congressman participated at the Baptist world congress in Copenhagen. He declared:

"If congress meets its full responsibility with respect to stabilizing conditions in Europe, it will in all probability be necessary for us to be in session before January, 1948."

Ready For Congress

Hays says he is convinced that the Marshall plan will "take form" before that time to provide "something definite and substantial" for congress to consider. He observed: "If legislative policy cannot be started before 1948, it will be difficult to find time from the usual routine such as appropriation bills

Thirty Are Still Missing In Rail Wreck In Canada

Twenty-Eight Known Dead; Flames Consume Part Of Wrecked Train

WINNIPEG, Man., Sept. 3.—(INS)—Canadian mounted police estimated today that at least 30 persons were still missing in the burned wreckage of a Canadian National Railway train where at least 28 others died.

In revising the estimate of missing and feared dead officials said the exact death toll never may be determined because of the searing impact of the crash.

The train, a vacationers' special, smashed into a transcontinental train at Dugal Station, 20 miles east of Winnipeg, Manitoba, Monday night.

Immediately after the collision, a tank of illuminating gas under one of the special's wooden coaches exploded.

Flames leaped 50 to 75 feet into the air, enveloping passengers and splintered coaches and spreading rapidly to other cars which had been derailed and tossed about.

Late last night, 28 bodies had been extricated from the wreckage.

POLIO ON INCREASE

WILMINGTON, Del., Sept. 3.—(INS)—Delaware's infantile paralysis toll stood at 93 today with four new cases diagnosed yesterday.

Three U. S. Public Health planes are scheduled to complete an aerial DDT spraying of Wilmington today in a campaign to exterminate the house fly.

Three new cases of the disease were reported in Delaware county. Two of the victims there were reported to have become ill while vacationing at New Jersey seashore points.

Latest Soviet Korea Proposal Rejected By U.S.

(BULLETIN)

SEOUL, Korea, Sept. 3.—(INS)—The United States rejected today the latest Soviet proposal for a Korean provisional government with the charge that Russia is attempting to impose a unilateral veto to the long-deadlocked situation.

The rejection was delivered by Maj. Gen. Albert E. Brown before the joint Russo-American commission for Korea on which the general is the chief United States delegate.

Brown bluntly accused the Soviet delegation of trying to exert a veto in order—as he worded it—"to change the normally rightist-moderate majority in Korea into an overwhelming and unrealistic leftist majority."

Typical Satellite Election

He expressed the fear that any election proposed by the Russians would be what he called "typical of those being held in other Soviet satellite countries."

The American general said the August 26th proposal made by Soviet chief delegate Gen. Terenty Shitkov contained the "same objectionable features" as did other Russian suggestions advanced since the joint commission first met on March 19th.

In essence, Shitkov's latest proposal called for establishment of a provisional "legislative assembly" in which groups in South and North Korea would have equal representation and which would set up machinery for future elections.

Four-Year-Old Boy Shoots His Sister

Eight-Year-Old Girl Fatally Shot By Small Brother At Waukegan, Ill.

WAUKEGAN, Ill., Sept. 3.—(INS)—A grieving father told Waukegan, Ill., police today how his four-year-old son learned to load and shoot the shotgun with which he killed his eight-year-old sister.

The child, little William Taylor, had only a childish explanation for his deed:

"She hit me."

Waukegan authorities were mystified by the fatal shooting of Betty Taylor until the father explained how Billy became familiar with the gun's mechanism. Albert Taylor told police:

"When we lived in Clewiston, Fla., I often took William with me when I went hunting. He must have watched me load it."

Billy's mother revealed the boy knew of the gun's hiding place behind a davenport. Only two weeks ago, she related, she saw him drag the gun into the center of the room and opened the breach.

State's Attorney Harry A. Hall assured the bereaved parents no official disciplinary action would be taken because of his age.

Betty was found bleeding to death yesterday when her mother returned from apartment-hunting. The girl had been left to watch Billy and a sister, Patricia, 16 months.

Boy Is Hurt In Auto Accident

When the auto operated by Lyle Brown, 1012 Dewey avenue, city, dropped off the berm, it struck a puddle of water which splashed, causing an accident in which a small boy was hurt at nine o'clock last night three miles west of Slippery Rock on Route 108.

After the auto struck the puddle it went back upon the highway, crossed and almost head-on hit the car of Edward G. Hsawati, Jr., 1334 West First street, Oil City. His son, Edward, aged 11, sustained a laceration of the face, according to state police.

Vacation Over; School Children Resume Studies

Public Schools Reopen Today For 1947-48 Term—Classes Staffed

AWAIT REPORTS ON ENROLLMENT

With some indication that the first day's enrollment in the New Castle public schools is lower than a year ago, the first day of school got under way today. Superintendent Frank L. Burton had no definite figures at noon today but said there seemed to be fewer enrolled than for the first day of a year ago.

Elementary Grades Increase

The shrinkage seems to be in the secondary grades, that is the junior and senior high schools. In about half of the elementary grades there seems to be an increase.

The history of other school years is that the enrollment increases each day for the first week and it is expected to increase this year.

Little difficulty was experienced today when the schools opened, in the way of teachers. Superintendent Burton had each class staffed, although a few were substitutes.

Thirty-One B-29 Bombers Start Trip To Germany

FORT WORTH, Tex., Sept. 3.—(INS)—Thirty-one Fort Worth based B-29 bombers were refueling in Westover, Mass., today. They are participants in America's "peaceful air invasions" of Germany.

The huge ships of the Seventh Bombardment Group of the Eighth Air Force Command, took off from Fort Worth last night in 10-minute intervals beginning at 10:35 (CST).

The mission, a "self-supporting" routine flight in connection with 10-day maneuvers to prove the world-wide bombing might of America, was under command of Col. Alan D. Clark.

The ships are bound for Giebelstadt, Germany, via Goose Bay, Labrador.

Motor-Powered Bicycle Riders Must Pass Test

State Police Announce That Operators Must Register Bicycle And Pass Driver's Test

Before anyone rides a motor-powered bicycle it must be state registered and the operator must successfully pass an operator's test, according to the state police. Already an arrest for violation of the state law has occurred here, state police reported today.

The motor-powered "bike" must be registered and the operator receive a test. He must be 16 years of age and have the consent of his parents, before a test will be given.

The state police suggested that anyone who cares to undergo the test should take an auto driver's test, which if they pass, will give them the authority to drive a motor-powered bicycle.

PROTECT CHILDREN ATTENDING SCHOOL

Guards are on duty at all street crossings in school vicinities, according to Mayor John F. Haven, who instituted protection for children en route to and from school when he served as chief of police.

For some years the work was performed by police. During the past year or more civilians were given the task. However, at crossings where civilians are not on duty, police guard the children. The protective service will be continued throughout the school year.

U.S. Palestine Policy Not Being Revealed

By PIERRE J. HUSS
(U. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Sept. 3.—U. S. spokesmen indicated at Lake Success today that the United States policy on Palestine will remain secret until Secretary of State Marshall reviews current U. S. foreign policy at the U. N. general assembly.

The same sources indicate that the U. S. pronouncement on Palestine most likely will not be drafted in Washington until after a thorough study by near east experts of both the majority partition plan

and the federalization scheme recommended by the U. N. inquiry commission.

Await Conferences

It is estimated that various conferences between Marshall and U. S. Representative Warren R. Austin will precede the formulation of any policy on the Palestine report.

Both are now in Rio de Janeiro.

But at Lake Success, there is little (Continued on Page Two)

European Crisis Nearing Climax

Acting Secretary Of State Says Crisis May Come To Head Before January 1

WASHINGTON, Sept. 3.—(INS)—Acting Secretary of State Robert A. Lovett declared today that the European crisis is coming to a head far sooner than expected and may reach a climax before Jan. 1.

Lovett made his disclosure at a new conference. He repeatedly refrained from saying that a special session of Congress would be needed because of conditions in Europe.

However, he made clear that the United States does not now have the authority to provide what he labeled as temporary expedients.

In a long discussion of Europe Lovett said that the British dollar (Continued on Page Two)

Brief Dictatorship Ends In Ecuador

Triumvirate Rules As Col. Carlos Manchensis Dictatorship Collapses After Two Weeks

GUAYAQUIL, Ecuador, Sept. 3.—(INS)—A triumvirate ruled in Ecuador's capital today following the collapse of Col. Carlos Manchensis' brief dictatorship and the nation's second revolution in less than two weeks.

Radio broadcasts from Quito said that Manchensis, who seized the government in a "one shot" revolution 11 days ago, fled in the face of military reverses and turned the rule over to three Liberal-Socialist ministers.

Spontaneous popular demonstrations occurred throughout the capital, many of them formed by excited crowds calling for the return of ousted President Jose Maria Velasco Ibarra.

Dispatches from Buenos Aires said that Ibarra, who fled to Argentina after Manchensis' coup, was ready to return from exile on the first available airplane.

Professor's Death Reported Suicide

STATE COLLEGE, Pa., Sept. 3.—(INS)—A verdict of suicide was returned today in the death of Raymond R. Bloom, 49, assistant industrial engineering professor at Pennsylvania State College, whose body was found six miles from the campus.

Coroner Charles Sheekler said death had been caused by a .22 calibre bullet. Bloom left his home Monday morning with the rifle ostensibly to hunt groundhogs, according to authorities.

Fourteen German Gestapo Given Death Sentences

(BULLETIN)

HAMBURG, Sept. 3.—(INS)—Fourteen members of the German SS and Gestapo were sentenced to the gallows today by a British war crimes trial for the murder of 50 Allied airmen.

The airmen were shot down following a mass attempt at escape from the Stalag Luft Three in March of 1944.

Two defendants were sentenced to life imprisonment and two others to 10-year terms.

Issue Policy To Strip Japan Of War Potential

Far Eastern Commission Publishes Directive To Guide Gen. MacArthur In Program

WASHINGTON, Sept. 3.—(INS)—The far eastern commission today published a sweeping policy directive to guide Gen. Douglas MacArthur in stripping Japan of all possible war potential.

The directive was adopted by the 11-member commission on Aug. 14 and transmitted to MacArthur immediately afterward.

The directive spells out in detail the definitions of primary and secondary war facilities as well as the industries regarded as war-supporting.

In the war supporting industries the directive provided that all industry above that needed to meet the peaceful operations of the Japanese people shall be made available for removal as reparations.

Industries Identified

Industries identified as war-supporting include iron and steel, coal carbonization, non-ferrous metals, light metals, metal working machinery, ball and roller bearing, chemicals capable of producing explosives, railway equipment, automotive, electric power, cement and abrasives, merchant shipping, oil

New Identity Now Given For Slain Woman

(BULLETIN)

McKEESPORT, Pa., Sept. 3.—(INS)—New evidence was produced today in the identification of a woman whose nude body was found in a ravine along Versailles township "lovers lane" Monday.

Chief of Police Emery Bentz of Versailles township said six persons identified the murder victim as Julia Fesko, 22, of McKeesport, an employee of the Westinghouse Airbrake Co.

Believed Betty Jane Jacobet

Police have been working on the assumption the body was that of 14-year-old Betty Jane Jacobet, of nearby Port Vue, who has been missing since August 23.

Betty Jane's relatives had viewed the body twice and although they expressed some doubt it was Betty Jane, they finally reached a conclusion that it was. Funeral arrangements already had been made.

The body, badly decomposed, was almost unrecognizable.

Miss Fesko's relatives decided she was the murder victim because of two rings which the dead woman was wearing when her body was found. They said the rings were gifts from members of the family.

Sister Is Sought In Slaying Of Young Brother

JERSEY CITY, N. J., Sept. 3.—(INS)—Nineteen-year-old Pearl Silverman was sought by police today in connection with the hammer slaying of her 10-year-old brother, Albert.

Albert was found in a pool of blood on the dining room floor of the Silverman home last night. A mechanic's heavy hammer was beside him.

Pearl had disappeared.

Pearl, along with her sister, Maxine, 16, had been left in charge of Albert while their parents, David and Mollie Silverman, went to a movie.

During the night Maxine left to go to a store. When she returned she found Albert's body—and Pearl was gone. Maxine ran into the street, screaming:

"I shouldn't have gone out."

She was taken to Jersey City Medical Center in an hysterical condition.

Developments In Greece May Alter U. S. Aid Program

Complete Resurvey Of Situation Is Being Made By United States

AWAIT REPORTS FROM HENDERSON

By JOHN REICHMANN
(U. S. Staff Correspondent)

WASHINGTON, Sept. 3.—Recent developments in Greece today caused the United States to make a complete resurvey of the Greek aid program to be ready to change it promptly in event of altered conditions.

At present, however, every effort is being spent to speed the delivery of military aid and food relief to the area.

Chief objectives of the program, under the Truman doctrine remain the same. They are:

Chief Objectives

1. To provide military supplies, training and reconstruction aid to Greece in sufficient amount to put down guerrilla activities in northern Greece.

2. Provide relief for the Greek people in sufficient quantity to enable them to resist the blandishments of Communist leaders.

The future of the United States program is expected to hinge on reports to be received from Loy Henderson, foreign service officer and chief of the State Department's Near East and African affairs division.

Seeks First Hand Report

Henderson flew to Athens last week to obtain a first hand report on the situation. He is not only seeking to incite the Athens government to broaden its regime, now composed only of Royalists, but to settle possible confusion among American officials charged with carrying out the Greek program.

Henderson is expected to delineate to Greek Aid Administrator Dwight Griswold his responsibilities in developing a reconstruction program for Greece. To Ambassador Lincoln MacVeath he is to point out that his responsibility is that of reporting on political developments in Greece. The entire Greek picture has been confused with the appointment.

Brundage Resigns As Superintendent

Superintendent Of National Radiator Co. Here Resigns, Effective August 31

Edward L. Brundage, superintendent of the New Castle plant, National Radiator company, has resigned, the resignation being effective August 31. The announcement was made today by the company.

Mr. Brundage started with the company in April, 1918, as a metal pattern maker. Shortly after he was placed in charge of the metal pattern making work, and in 1919 was made master mechanic. He was advanced to the superintendency in 1920.

Fred A. Glenn, who has been the superintendent of the finishing department of the plant, has been named superintendent to succeed Mr. Brundage. Mr. Glenn is a New Castle man who returned to the city three years ago after an absence of some years. For a time he was with Oliver Iron and Steel company.

But school time is here and the classroom is calling, studies are beckoning just as before; gone are the months when the bells were all silent, still it is summer and just eighty-four.

Is the Cost a Consideration ... ?

For many families the cost of a funeral is a serious problem—and that is especially true in these days when living costs continue to rise.

Many families are finding the answer to that problem at the Boyd Home for Funerals. Costs are kept within an amount they can afford, yet all receive the benefit of full staff services and equipment.

lick the export-import problem and strengthen his hand in international affairs. He pleaded: "Give me the tools of production and their full results and I will change the foreign policy of Europe."

He warned that if the production drive fails, Britain, and more important, labor, will lose their position.

Bevin launched a personal plea for a British imperial customs union. He insisted that the labor cabinet had not reached a decision on this but "I hope the British commonwealth, and certainly the empire, will agree to the possibility of a customs union." He added:

"I don't think we can avoid any longer a common defense and acceptance of certain economic principles if we are to avoid these constantly recurring crises."

Bevin reiterated his endorsement of the Marshall plan and insisted that Europe must try to help herself, saying:

"It is absolutely essential . . . to maintain independence."

"If you continue borrowing money and living in a fool's paradise you'll never get your economy right."

He referred to the exhaustion of the American loan and said: "There is no use in crying over spilt milk. Our calculations were wrong."

Provision is made for an appraisal of the possible war potential in the remaining productive capacities by the commission at a later date.

The directive also provides that the removal or destruction of industrial capacity is not to be limited even though it might compensate the Japanese economy for losses sustained in the reparations removals.

The FEC also reserved until a later date a determination of the size of merchant vessels which Japan will be allowed to produce as well as the manufacture of civil aircraft.

Japan also is to be directed to prohibit any of its nationals from participating in the ownership or operation of primary war facilities outside Japan.

Receive Degrees At Chicago University

Among those receiving degrees from the University of Chicago last week were Thomas E. Cramer, son of Mr. and Mrs. Leonard E. Cramer of this city, and his wife, Laura Cramer, formerly of Koscusko, Miss. Mrs. Cramer graduated from Millsaps college in 1941, served 3½ years in the Waves and last Friday received her M.A. degree in the History of Culture.

Thomas E. Cramer graduated from Oberlin college in 1941, after which he served 4½ years in the army, and since his discharge has been at the University of Chicago, where he received his M.A. in music.

After a few days rest in New Castle, they will leave for Oberlin, O., where Mr. Cramer will teach at the Oberlin Conservatory of Music.

DEVELOPMENTS IN GREECE MAY ALTAR U. S. AID PROGRAM

ment of the wholly Populist party cabinet by Constantine Tsaldaris.

Cabinet May Not Last

This cabinet is not expected to last much beyond the meeting of the Greek parliament tomorrow. It was created only when Tsaldaris was unable to get other parties to join in a coalition.

However, the United States feels that, barring a successful coalition, the Populists might remain in power. It is believed, might result in internal disorders and nullify the benefits of the aid program.

The situation could become comparable, it was said, to that in China. There the United States promised to aid the Nationalist government if it would broaden its base.

The result, many believe, has been to make the Nanking government more unmovable than before.

Policy Much The Same

United States policy in China was much the same as in Greece. It sought to support a representative government in order to prevent the spread of Communism. It emphasized economic aid on the theory that economic chaos encouraged the spread of Communism.

The pattern in Greece has been much the same. Economic aid was planned to halt Communism.

If, as in China, United States aid is used only to maintain a group of reactionary politicians in power, Washington will have to decide whether to continue the aid or withdraw it.

Program Sustained

For the present, the Greek aid program is being sustained, if not speeded. Already coastal patrol boats, minesweeper parts, trucks, ambulances, ammunition carriers, weapons carriers and supplies for the Greek army are moving forward steadily.

The United States is pledged also to forward small arms and field artillery, which may be used against the guerrillas. These might be halted if it is found they are to be used only to sustain reactionary elements in power.

to give to the tremendous problems growing out of the European situation."

He contended that the regular session of congress from January to July would not provide sufficient time in view of the fact that important domestic issues such as universal military training must be considered. He explained that congress by meeting in special session at an earlier date could initiate hearings on the Marshall plan and begin consideration of fiscal requirements.

U. S. PALESTINE POLICY NOT BEING REVEALED

(Continued from Page One)

doubt over the fact that the United States holds the key to the success or failure of any 55-nation attempt to solve the critical Holy Land problem.

Predictions among delegations and U. S. officials alike are that if the U. S. announced flatly at the forthcoming assembly her readiness to give full support either to the partitioning plan or the federalization scheme, the required two-thirds majority for such a recommendation would quickly be forthcoming.

A disturbing factor is that the general assembly in any case will become embroiled in a heated battle over Palestine and that the aggravating factors of the east-west conflict again will play a disrupting role in all attempts to reach agreements.

ARMED FORCE LEAVE BONDS

The First Federal Savings and Loan Association is authorized to cash your "Leave" Bond at any time after September 2, 1947 upon presentation and proper identification, however there is no requirement that you cash them NOW in order to get your money.

In fact, unless you urgently need the money, we strongly recommend that you hold your Bond as a backlog against any future emergency. The longer you can hold it, the more it is worth (up to maturity) and it provides an immediate source of funds at any time.

SWING LOBBY

I have also been asked to publicly express my opinion of Swing Lobby. I am 100% in favor of the IDEA of Swing Lobby when it is properly located and carefully supervised. I think it is a worthy project to have a place for young boys and girls to gather and socialize but I feel such a place MUST NOT be in a building considered a fire trap and reached by several flights of wooden stairs. It should be efficiently supervised and should be WELL LIGHTED. There should be a minimum and a maximum age limit of those attending and they should be taught to return to their homes at a sensible hour after the closing of Swing Lobby. This activity should be so scheduled that it will not interfere with functions of the schools and the home study of school children. I cannot agree with the practice of our boys and girls enjoying this activity on city owned property being charged for this privilege to the tune of a \$7,000.00 CASH SURPLUS.

Observe Golden Wedding Anniversary On Tuesday

MR. AND MRS. A. E. KENT

On Sept. 2, 1946, occurred the 50th wedding anniversary of Mr. and Mrs. A. E. Kent of Harmony, Pa., and is the former Margaret Shaw, daughter of Mr. and Mrs. Joseph Shaw.

Mr. Kent was born in Lexington, Ill., the son of Mr. and Mrs. Rensselaer Kent. His great-grandfather Rensselaer was the first white man to settle on the site of what is now Rensselaer, N. Y.

The couple were married by Rev. Leslie in New Castle September 2, 1896, and then made their home for a year in Lexington, Ill. The past 20 years they have lived in their present home at Harmony R. D. 1. Both are in fairly good health.

Out-of-town guests who attended the reception were Mrs. Almira Forney and Mrs. Leona Koehler, both of Pittsburgh, and Miss Marie A. E. Kent of Castlewood and Bernard S. Kent of Pottsville.

RAINBOW OFFICERS ENTERTAINED AT TEA

Miss Jane McGoun, worthy advisor of New Castle Assembly No. 1, Order of the Rainbow for Girls, was hostess at a tea in the home of her aunt, Mrs. Thomas Shreffler, Young street, on Tuesday evening. Her corps of officers were guests.

Special guests were Mrs. George Reid, mother advisor; Mrs. Charles E. Allen, district deputy; Mrs. Clifford Propst, president of the Advisory Board; Mrs. L. A. Wygant and Mrs. J. W. McGreary.

Mrs. Lucille M. McGoun, mother of the hostess, Mrs. Shreffler and Miss Ruth Chapman served as aides.

Mrs. Reid poured at a beautifully appointed tea table. Miss McGoun will retire from office on Wednesday, September 17, when she will serve as installing officer. She has recently received the appointment as grand representative to the state of Louisiana.

GIANNI ARENA WEDDING KNOWN

Mr. and Mrs. Joseph Arena have returned from their wedding motor trip to Scranton and New York state, and are at home to their friends at 403 Cascade street.

Mrs. Arena, the former Nellie Gianni, daughter of Mr. and Mrs. Harry Gianni, of 403 Cascade street, became the bride of Joseph Arena, son of Mr. and Mrs. Nick Arena, of Hillsville, on August 9, in St. Vitus church.

Rev. Fr. Richard Paluse of St. Monica's church, Wampum, officiated at the nuptial high mass, using the double ring ceremony. The bride was given in marriage by her father.

Miss Eva Malley was the maid of honor, and Rocco Tutino served as best man. Breakfast was served at the bride's home, and later dinner was served at a local tearoom. A reception was held at King Humbert hall for 300.

Mrs. Arena is affiliated with the National Paints company, and Mr. Arena is a veteran of World War II, and is employed at the Pittsburgh Limestone company.

POETRY GROUP WILL MEET THIS EVENING

Poetry Group appreciation meeting will take place this evening at 7:30 o'clock in the home of Mrs. C. R. Breiner, 1617 Huron avenue, when the program topic will be Christopher Morley. His biography and poetry will be discussed by Mrs. Josephine Alexander.

For original poetry Miss Frances Haydon will act as critic. Miss Garnet Rhoads will preside. Meetings of the Poetry Group are open to all who enjoy poetry and who wish to attend.

NORMA RODGERS WEDS WILLIAM D. REEBLE

At a quiet ceremony in the Edenburg Methodist church parsonage Sunday, August 31, at 8:30 p. m., Miss Norma L. Rodgers, daughter of Mr. and Mrs. Clyde A. Rodgers of Edenburg, became the bride of William D. Reebble, son of Mrs. Marie Reebble and the late James Reebble of Edenburg.

Rev. Jack P. Boyd officiated at the ceremony, using the single ring service. The bride was attired in a street length gown of aqua crepe and wore a corsage of white gardenias. Her attendant, Mrs. Harry Snyder of New Castle, wore a grey crepe street length dress, with a corsage of white daisies and yellow roses.

Harry Snyder served the groom as best man. Mrs. Reebble is a graduate of Union high school, class of 1943, while her husband is also a graduate of Union high, class of 1936. He is employed at the American Cyanamid & Chemical company plant at Edenburg.

The couple will reside in Edenburg.

KUMROW-McKLVEN CEREMONY QUIET

Miss Dorothy Kumrow, daughter of Mr. and Mrs. O. H. Kumrow, 412 West Cherry street, and Lawrence McKIVEN, son of Mrs. David Noah of Greensburg, were united in marriage at a ceremony performed in the parsonage of the Lillyville Church of God in Ellwood City on Saturday, Aug. 30. Rev. L. A. Lightfritz officiated at the single ring ceremony.

The bride chose a street length dress of pale pink with navy blue accessories, and wore a corsage of gardenias. The couple were unattended.

Dispensing with a wedding trip, the couple left to take up residence in their newly furnished apartment in Greensburg.

Mrs. McKIVEN was formerly employed by the Bell Telephone company here and Mr. McKIVEN is employed by the Pennsylvania railroad at Pottsville.

MARY LYSKO IS ENGAGED TO WED

Mr. and Mrs. Andrew Lysko of New Castle R. D. 1 announce the betrothal of their daughter, Mary Ann Lysko, to Stanley Gorgacz, Jr., son of Mr. and Mrs. Stanley Gorgacz, also of New Castle R. D. 1.

Miss Lysko is affiliated with the National Paints company, while her fiancé is employed as an electrician with the Youngstown Sheet & Tube company.

Wedding plans of the young couple are incomplete.

ALUMNAE TO FETE NURSE GRADUATES

Members of the New Castle Hospital School of Nursing who will be graduated Monday, September 8, will be entertained by the New Castle Hospital Alumnae at a card party in the home of Mrs. Frank L. Coen, 420 Court street, this evening at 8 o'clock.

In addition to the honor guests, a large attendance of alumnae is anticipated.

TRURAN-NICHOLSON ENGAGEMENT TOLD

Rev. and Mrs. Edward Truran of 538 Harbor street announce the engagement of their daughter, Doris Jean Truran, to Robert A. Nicholson, son of Mr. and Mrs. Lawrence Nicholson of 318 Locust street. No date has been set for the wedding.

Scala Reunion

Annual Scala reunion took place Labor Day at Bartolomeo's picnic grounds in Ellwood City. Following a delightful ravioli and chicken dinner, a committee was appointed for next year as follows: Mr. and Mrs. William Lawson, Mrs. Julius Dicianne, Victor Bartolomeo, with Dominick Ross as chairman.

Thirty-seven were present at the reunion, with Mrs. Anna Scala, of Wampum, receiving the prize for being the oldest present, being 75 years of age. Other prizes given were: longest married, Mr. and Mrs. Anthony Scala, 35 years; Mrs. William Lawson for shortest time married; Mrs. A. Bartolomeo for assistance given. Prizes were given for the games.

Cafeterias To Hold Line On School Lunch Prices

Public school cafeterias in New Castle this year will hold the line against the inflationary spiral of rising food and labor costs and will serve meals this year at the same prices that prevailed last year, Mrs. Rachel P. Taylor, cafeteria manager revealed today.

This is a break for the family budget more than that is a real contribution to the students' welfare. By patronizing the school cafeteria for lunch, he can not only get a good, tasty lunch, well cooked and appetizingly served at cost, but he can get it for no more than the same food would cost his mother to serve him at home.

Ice Cream Is Nickel

For a nickel he can get any of the following: a half-pint of milk, a serving of potatoes, mashed, au gratin, scalloped, or whatever style is on the menu that day, a glass of fruit juice, two rolls and butter—and joy of joys, icecream is only a nickel in the school cafeterias.

The almost impossible-to-touch-anywhere-else price of 7 cents applies to soup, salads, baked beans, macaroni, spaghetti, vegetables, puddings, and one-half pint of chocolate milk.

Where Else At Price?

Thus for slightly over 20 cents, it will be possible for pupils to lunch well and nourishingly. And where else can you do that for twice the amount these days?

Most expensive items on the luncheon menu are, as is to be expected, serving of meat or fish, hot and cold buttered (and parents please note the "buttered") sandwiches, pie or cake, and a pint of plain milk.

By judicious choice from the menu, a student can eat one-third of his nutritive daily requirements at a very moderate price.

School cafeterias are non-profit making and operate under strict regulations. Employees must pass a state health examination and the food served is of first quality and is skillfully prepared and tastily served under careful supervision. This reporter has eaten lunch in both the George Washington and the Ben Franklin cafeterias and was a most enjoyable experience, with the only hazard the rush of customers immediately following the lunch recess bell.

Labor Day Observed By Hillsville Folks

Labor Day is always a big day in Hillsville and this year was no exception. The Labor Day celebration held there was the largest ever presented and during the entire day the town was filled with visitors.

A band concert livened the proceedings, a number of short addresses interested the crowd and a huge fireworks display in the evening climaxed the day. Marshall Seckin was the general chairman of the day with his colleagues did a fine job.

EXCAVATION PERMITS

IN ELECTING A TREASURER YOU ARE HIRING AN EMPLOYEE
County treasurers are elected through the mechanism of politics of course. But politics should end at the front door of the office. Once a treasurer is elected and sworn, he should then devote his entire time to handling the important affairs of the office without regard to political preferment. There is no political sign on a dollar bill, there should be no political sign over the county treasurer's office.
I am a candidate for the Republican nomination for county treasurer. I have made no commitments and will make no promises only the promise to all the people that if nominated and elected the office will be run as a business office. When you elect a treasurer you are hiring a financial employee. That is the basis upon which I am running.

PROSPECT COUPLE MARRIED 50 YEARS
Mr. and Mrs. Henry M. Taylor, of Prospect, will celebrate their golden wedding anniversary Monday, September 8 when they will hold open house from 2 o'clock in the afternoon until 9:30 in the evening.
Mr. and Mrs. Taylor were married September 8, 1897 in the bride's home in Slippery Rock by Rev. George Edmundson, pastor of the Presbyterian church of Slippery Rock. They have lived their entire lives on the farm, for the past 40 years at their present farm home at Prospect.
They are parents of six living children, 25 grandchildren, and five great-grandchildren.

IT ISN'T JUST THE FOOD, IT'S THE SERVICE, TOO

It takes more than good food to make a meal. The preparation of it, the service of it, and the atmosphere in which it is served. All of them are important and all of them are stressed in the Castle-ton.

FAREWELL BY CLASS FOR MRS. McILVAINE
As a farewell for Mrs. John Jamison McIlvaine, who plans to leave later this month to take up duties as assistant at Brick Presbyterian church in New York City, the Twentieth Century Bible class entertained Tuesday evening in the parlors of the First Presbyterian church.

On the program was a report by Miss Shirley Davis on Camp East Brook and music by the Schubert Sextette who sang several selections accompanied at the piano by Mrs. Kathryn Nettle Allen. A guessing contest furnished diversion and was won by Mrs. James A. Rugh.

Highlight of the program was the presentation to Mrs. McIlvaine of a gift from the class by Mrs. C. N. Moore, its teacher, Miss Gene McIlvaine was a special guest.

Mrs. Morgan Jones was chairman of arrangements for the evening. Refreshments were served to the gathering of 65 guests from a prettily appointed table with Mrs. George MacMillan presiding at the punch bowl. On the social committee with Mrs. Jones were Mrs. H. E. Golder, Mrs. Maude Forrester, Miss Della Glenn and Miss Pearl Dufford.

Tempus Fugit Club
Tempus Fugit club will have a tureen dinner Thursday evening, September 11, at Cascade Park. Plans for the event were made at the group's last assembly at the home of Mrs. Donald Mooney, Emery street.

Police Sergeants "Men Of All Work"

Have Multitude Of Tasks On City Police Force — Must Be Versatile

City police force sergeants are men of all work; in fact, they must be, and not only direct the men on the street when superiors are away from headquarters but act as dispatchers, fountains of knowledge and money clerks.

For instance they record the time each police patrolman reports to headquarters.

They flash on lights at call boxes to notified patrolmen of trouble in their neighborhood and broadcast over the radio alarms to police cruiser cars.

They answer many questions every day, ranging from "Where do I get a permit to build a fence?" to "Can you tell me how many miles it is from here to Cleveland?"

They accept and receipt for parking violation fines, issue dance permits and record the names and addresses of persons granted permits to sell magazines here.

They docket the names, age, address and charge against persons placed under arrest and assume charge of their valuables which are removed from them before being placed in a cell.

There's only one thing they won't do, and that is give out the time of the day, being too busy.

HEADLESS BODY FOUND ON TRACKS AT STEELTON, PA.

STEELTON, Pa., Sept. 3.—(INS)—The identity of a man whose mangled, headless body was found on Pennsylvania railroad tracks south of Harrisburg was sought today by Steelton police.

Chief John Sostar said the body had been cut in half, apparently by a train. There was nothing in the victim's clothing to permit police to establish identity.

Sostar said the victim was about 35 years old, weighed about 165 pounds and was around five feet, six inches tall.

WASHINGTON CALLING

(Continued from Page Four)

techniques of infiltration, force and economic coercion, they have captured the trade unions. The order of control passes right up to the top.

The cry of the unions within the Soviet zone is for unity with the unions in the British and U. S. zones. That is a persuasive cry at this moment in Germany. It has a deep appeal to more and more Germans who are fearful that their country will be split permanently into two or three parts.

For that reason, trade-union heads in the American zone cannot say no. Most of them would like to. They are Social-Democrats or Catholics and they foresee that unity would be likely to open the way to the same tactics of infiltration and force which allow the communists to wield control in the Soviet zone.

What Has Happened Typical
What has happened is typical of so much that happens here—delay. Trade-union leaders from the British-U. S. zones attended a conference with leaders from the Soviet zone. At that conference they proposed a committee to study the unity plan and another significant proposal related to it.

This is where the international power angle comes in. The World Federation of Trade Unions met in Prague this summer. At that meeting the federation, dominated by communist union leaders, voted to take in German unions which would represent all Germany.

Here is another persuasive appeal for the German people—an invitation to belong to an international body. A Germany leader who said no to such an invitation would find himself in an embarrassing spot.

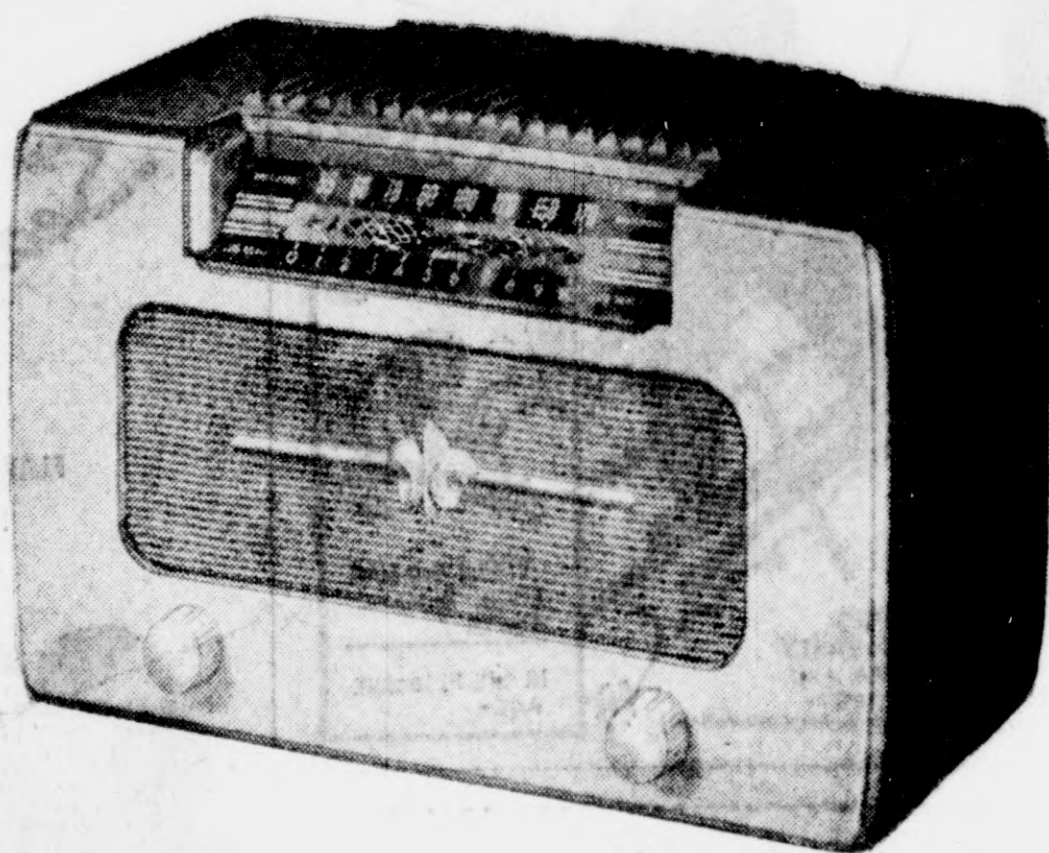

To Meet In London
The committee of German trade unionists named to study the invitation to unity and to membership in the world federation agreed to report just before the council of foreign ministers are due to meet in London. This is an interesting coincidence. If they report in favor of unity and membership in the federation, the Soviets will have won a minor engagement in the contest for Germany. And in the long run it could prove to be a major victory.

While the Soviet zone is for the most part a closed world, various competent witnesses have testified to Russian success in Sovietizing their part of Germany. After a tour of the zone, J. Emlin Williams of the Christian Science Monitor, one of the ablest correspondents in Germany, wrote that it "has been organized as far as conditions allow as if it were part of the Soviet union." He noted "fundamental changes which will survive long after many of those introduced in the other zones."

The technique of organizing steeple unions and capturing those which have been relatively independent is one in which Moscow's agents excel. The communist union is the spearhead of communist domination in every other field. That is unmistakably clear from the perspective of the contest being waged in Europe.

State Cop's Job Is Hour After Hour

He's On Duty 24 Hours Every Day
Except One And Might Have
To Work That

State police have no cinch of a job. In fact, their job is one which they like, but it is doubtful if others without a penchant for police work, would care for.

At present there are 11 men on duty at the New Castle sub-station and day and night, at almost any hour, a "state cop" may be seen cruising along a state highway.

Each is on 24 hour duty, except-

ing for one day in the week, and if necessity requires, he must forego his time off, to do police work, if it is of an imperative nature.

They do everything from hunt burglars to keep traffic moving, and under all conditions, (although in many instances such are trying) they are required to exercise the courtesy superiors demand of them.

SWING LOBBY AT PARK TONIGHT

THE WORLD AND THE MUD PUDDLES

our biological responsibilities, but if the professor will take the trouble to inform himself as to improvement in this respect more recently, his anxiety will be appeased. The baby crop the past five years has been bumper, and by casual observation it is that there is apparent no sign of a baby famine.

Preposterous Prediction

Then, the most preposterous prediction of the professor is that all of Europe is about to become one nation composed of a big and happy family of people—no revolutions, no border disturbances, no religious, social or language differences, just a consolidated babel of tongues joined together for no other purpose than to put the rap on poor little America.

Then, also, we are to be faced with billions of Orientals, multiplying like rabbits and all imagine it industrialized, and they, too, united if you please, out to get the scalp of Americans.

Now, the Professor assumes that both Europe and Asia are to be dominated by the Soviets, ruled by a Dictator, the people working overtime for nothing more than a very bare and questionable livelihood and all their produce solely for the use and management of an army of Russian Bureaucrats.

Smaller Population

Mr. Baker assumes that the United States weakened by the love of luxury and ease and by the decline in the integrity of the family, will have fewer people one hundred years from now than it has today. He visualizes the United States with one hundred million lazy, good-for-nothing citizens, largely old men and women, faced with a billion of Europeans and two billion Orientals highly industrialized, all under the domination and direction of a Soviet Dictator.

Well, when a College Professor gets his nose out of a book and starts seeing visions, he is just about as reliable as a puppy bird dog on his first trip afield. Prophecy is out of his realm. In fact, realism is beyond his understanding. He is academic, theoretical. That is how he happens to be a Professor. But I say all this not to belittle them, but rather to reassure the people in general that they are not to take too seriously what these College Professors have to say when they are on the loose.

Thirty-Five New Students Register
Tuesday At Pearson Street
Training School

Boosting the enrollment to over
the 350 mark, 35 students, some
ex-GIs and others civilians, began
training at the New Castle Jewelry
Training School on Pearson Street,
Tuesday.

Represented in the class were the
states of: Rhode Island, Massachu-
setts, New York, Pennsylvania, Ohio
and West Virginia. The majority
of the students are residing in the
city. Many homes have been
opened up to accommodate the visi-
tors to the city.

Plans are being formulated for
the first graduation of the school,
on December 3, when 50 students
will finish their training in jewelry
manufacturing. Already many re-
quests have come in for the ser-
vices of the students that will be
graduating.

With the exception of one room
on the third floor of the former
elementary school building, the en-
tire building is in use. This room
is being rushed to completion and
will soon be in use.

Taft-Hartley Act Compliance Decision May Be Deferred

WASHINGTON, Sept. 3.—(INS)—
CIO officers may defer for another
six weeks their decision on whether
to file the non-communist affidavits
required by the Taft-Hartley act.

James Carey, secretary-treasurer
of the organization, indicated today
that the issue may be submitted to
the CIO executive board meeting
and national convention in Boston
Oct. 13.

Carey said the session of the
CIO's 13 officers in Pittsburgh to-
morrow may only make "recom-
mendations".

The question of whether AFL of-
ficers will sign the non-communist
affidavits will be taken up by the
AFL executive board in Chicago at
a meeting beginning Monday.

International News Service Staff Correspondent

HOLLYWOOD, Sept. 3.—When
beauteous Ann Southern plays a
horseless version of Lady Godiva in
her own secluded back yard, she
wishes all flying versions of "peep-
ing toms" would stay far away!
Ann is just back from Palm
Springs to start work in "April
Showers" for Warners, and, in a
confidential moment, she'll tell you
she had a wonderful time. That is,
except for one afternoon.

It seems that on all bright af-
ternoons Ann made a habit of re-
pairing to the high-walled yard and
to the sun—also in the afternoon.
She had never had to worry un-
til this particular afternoon.

There she was all alone, isolated
from the outside world, enjoying
the rays of Old Sol.

Peeping Pilot
Suddenly overhead—directly over-
head—Ann heard the hum of an
airplane. She explained:
"It was one of those little Cub
planes."

Grasping a robe, hoping she would
be in time, Ann pulled it over her.
The plane passed and so did time
and Ann threw off the robe and
relaxed. She had not reckoned with
the redoubtable perspicacity of the
pilot.

Files Complaint
A few minutes later he was back
directly overhead, only much lower
than the first time. Forewarned,
Ann grabbed her robe at the very
first distant hum of the motor.

Ann kept her robe over her as
the plane made pass after pass over
her garden.

Finally the pilot came so low he
almost touched the telephone wires.
"That was enough," said Ann, "I
filed a complaint against him."

"Ah, this is wonderful," said

Fifteen Nurses To Get Diplomas

New Castle Hospital Class Graduation At Ben Franklin School Monday, 8 P. M.

New Castle Hospital School of Nursing announces the conferring of diplomas to 15 graduating nurses in the class of 1947, to be held on Monday evening, September 8, at 8 o'clock, in the Benjamin Franklin High school.

These student nurses, who during the past war years were members of the United States Army Cadet Corps, will be graduated having successfully passed all requirements for the nursing profession. The class commenced their studies in September 1944.

Program Completed

Sister Lawrence Mary, new director of nurses who replaces Sister M. Dolorosa, announced that the program for the evening has been completed.

Rev. Fr. Francis McCarter, pastor of St. Mary's church, and Dr. John B. Barrett, staff physician, will be speakers of the evening. Rev. Fr. Francis King of St. Mary's will pronounce the invocation and benediction.

Soloist during the intermission is Margaret Marie Ezzo.

On Thursday evening of this week, the graduating class of 15 nurses will be feted at a social event to be given by the students of the New Castle Hospital School of Nursing.

Will Celebrate Lights Tonight

Street lights will flood their rays tonight for the first time in Martha street extension, 14 having been installed by the Pennsylvania Power company.

The thoroughfare is in the Shannago-Taylor township district and supervisors of both townships in addition to Pennsylvania Power company attaches and invited guests will attend the light celebration at 6:30 p. m. today.

The celebration chairman is Charles Frenzel.

Several other districts in the county will obtain new lights soon. They are Union township, Edinburg and Hillsville.

Princeton Alumni Has Annual Picnic

Princeton high school alumni's first annual picnic and reunion was an event of Saturday at Grove City park, when members of classes from 1928 through 1947 gathered to reminisce over other days.

Approximately 100 former graduates and their families met, with each class represented with the exception of 1932 and 1933.

Following the dinner hour a business meeting was held, with the following elected to serve in office for the year: president, Robert Myers; vice president, Donald Gross; secretary, Mrs. Robert Jones; treasurer, Joe Boyd.

Plans are under way for a second reunion next year.

Spend
Money
for?

Spending for home repairs to prevent property deterioration is a wise investment. Neglect of needed repairs can lead only to a loss which might have been avoided.

It's easy to pay for repairs and property improvements on the FHA Pay-out-of-Income Plan. FHA loans are repayable in monthly payments over periods up to three years and at low rates—\$5 discount per \$100 per year. No down-payment is required.

Practically any kind of repair and improvement work can be financed on the FHA Plan. Come in for further details.

Polish Falcon Picnic Success

Large Turnout Sunday At
Idlewood Park, Gym Exhibitions, Folk Dancing Enjoyed

General Chairman Walter J. Maslyk, is more than gratified by the turnout for the annual Polish Falcon picnic at Idlewood Park last Sunday. Several hundreds attended during the afternoon and evening.

From Pittsburgh, New Kensington and Ford City large numbers came for the picnic, besides practically all the local Falcon club members. A gala time was had by everybody.

A fine program of gymnastics under the supervision of Edward Wenda and Marion Kolodjieski, was carried out, with the Multa brothers of Pittsburgh Nest No. 8 and a group directed by Edward Brodala of Ford City District IV giving grand exhibitions, on the mat pyramids, and the parallel and horizontal bars. The drills were conducted by Wenda

and Miss Leona Kozlowska, the latter of New Kensington.

Folk Dances Feature

The folk dancing under the direction of Miss Wanda Smislowksi and Miss Kozlowska also was a big feature on the program. The boys and girls were dressed in native costumes. Chairman Maslyk presented awards at the conclusion of the dancing.

The following committees assisted Maslyk in the staging of the picnic:

Food Committee—Helen Litwinowicz, chairman; Eleanor Kolodjieski, Josephine Owoc, Marie Splawinski, Ann Maciejewski, Ann Gierad, Cecilia Senow.

Refreshment Committee—Walter Macios, chairman; Zip Dudek, Mike Magusiak, Peter Klamut, Stanley Melcer.

Ticket Committee: Vincent Senow, chairman; Anthony Dombrowski, Raymond Senow, Stanley Smislowksi, Anthony Pseny.

Finance Committee: Walter Dudek, chairman; Mary Dudek, Clara Dudek, Helen Macios.

Program Committee—Edward Wenda, chairman; Marion Kolodjieski, co-chairman; Wanda Smislowksi, dance directress; Theresa Wajert, pianist.

Transportation Committee—Henry Dugokiemski, chairman.

Margaretta Hess Member Of Summer Chautauqua Choirs

Miss Margaretta E. Hess of 423 Neshannock avenue has returned from Chautauqua, N. Y., where she spent an enjoyable summer.

During the season she was soprano soloist at several of the local churches. She was a member of the Opera chorus, Chautauqua choir and Motet choir. The Opera and Motet are composed of selected voices by examinator.

The Motet choir is under the direction of Dr. George W. Volkel, Chautauqua official organist since 1932, and one of the unique choral organizations on the grounds. The main function of this choir is leading in the singing at daily morning devotional services in the amphitheater at 9:30.

Before the morning service, the choir meets and rehearses a new anthem for each day. The Motet choir also occasionally furnishes part of the special music in the amphitheater on Sunday evenings. These appearances are on invitation of Walter E. Howe, chief choral director at Chautauqua.

CAA Red-Faced Seeking Plane Still On Ground

WASHINGTON, Sept. 3.—(INS)—The Civil Aeronautics Administration admitted red-facedly Tuesday that it spent 24 hours looking for a "lost" airplane that never left the ground.

Earlier, the CAA reported that a four-passenger plane was long overdue on a flight from Pittsburgh to Washington and that the army search and rescue service had been alerted to look for the aircraft.

A later check at the Pittsburgh airport revealed, however, that the plane is still at the airport and hasn't been in the air in the past 24 hours.

The embarrassed CAA officials said they had been informed that the pilot "took a train to Washington" after filing a flight plan with a take-off scheduled for 2 p. m. EDT, yesterday.

They explained that the mix-up probably resulted because the pilot forgot to cancel his flight plan before he decided to make the trip by train.

Cleveland Ready For V. F. W. Horde

CLEVELAND, Sept. 3.—(INS)—Cleveland, the convention city, had its best welcome mat out today for Thursday's opening of the 48th National Encampment of the Veterans of Foreign Wars.

The city's downtown area has been transformed into avenues of flags and banners for the both serious and gala six-day gathering of 50,000 delegates and members of the VFW.

A message from President Truman, who was unable to come to Cleveland because of his state visit to Brazil, and a speech by Secretary of Defense James V. Forrestal at a banquet Thursday night will send the encampment rolling along in high gear.

The banquet will honor VFW Commander-in-chief Louis E. Starr, of Portland, Ore., and Auxiliary President Mrs. Sally Cannon of Washington, D. C. The auxiliary is holding its 37th National Encampment in conjunction with the parent gathering.

Proceedings will open Thursday morning in Cleveland's public hall where Ohio's Governor Thomas J. Herbert and Mayor Thomas A. Burke will extend greetings. Maj. Gen. Robert S. Beightler, president of the war personnel board, will deliver the opening address.

HARRISBURG, Sept. 3.—(INS)—The State Highways department reported that a flash flood had washed out a temporary bridge over Mitchell creek, Tioga county, on U. S. Route 15.

The bridge, midway between Tioga and Lawrenceville, was used to accommodate traffic while a new bridge was being constructed over the stream, the department said.

Men More Often Accident Victims

CHICAGO, Sept. 3.—Men are more often victims of accidents than women, according to the 1947 edition of "Accident Facts", the National Safety Council's statistical yearbook.

Men far outnumber women in accidental deaths—about seven to three. Only in falls, burns and poisonings did women come anywhere near the record of the men, and in all of these categories they still account for less than half the total.

The yearbook shows 66,339 males died accidentally in 1945, with men far ahead of women in deaths from motor vehicles, drownings, railroad accidents, poison gases and firearms. The death total for women was 29,579.

CHARGE THEFT TO PAIR

OTTUMWA, Ia., Sept. 3.—(INS)—Two soldiers, questioned by police in connection with the slaying in Omaha, Neb., of a wealthy Virginia couple, were scheduled for arraignment today on auto theft charges.

Police said the men, James Potter, 21, of Ottumwa, and Chancellor Roberts, 18, of Niagara Falls, N. Y., were absent without leave from Lowry Field, Colo.

AN OPEN LETTER TO EARL R. WIMER

DEAR MR. WIMER:—

As a citizen and a registered Republican voter I have followed the progress of the present campaign for the Republican nomination for mayor of New Castle. In the campaign, you have raised some questions which seem to me rather involve you as a county commissioner. Inasmuch as you are a candidate for the mayoralty nomination I would like to ask several questions which arise out of questions you raise.

1—You mention your interest in recreation but your record as county commissioner belies any such interest. Isn't it a fact that you as a county commissioner refused to join with the City and the school district in a joint recreation board? What recreation facilities now exist are the work of the city council and school board. Further, isn't it true that when the city recreation board attempted to buy a piece of land at the corner of Laurel and Wilmington, other bidders were induced to come in and bid and thus raise the recreation board bid until finally it had to pay \$1250 for the land? New Castle pays nearly 70 per cent of the county taxes, Mr. Wimer or had you forgotten?

2—You mention swimming pools. Is your interest in swimming pools a sudden conversion to the cause of recreation? If it isn't, why have not the county commissioners made any attempt to install swimming pools or are residents of the county outside the city not interested in swimming?

**Seventh Ward****Ward Girls Return
From Connecticut**Thread Tobacco Leaves Under Auspices Connecticut University;
Have Splendid Recreation

After being away for two months, Harriet Birk of North Cedar street, Myrna Lou Pearce and Norma Pearce of Eighth street, Georganne Heldish, West Clayton street, Bertha Calvert, North Cedar street, Sally Hogan, West Wabash avenue, Carrie Fennin, Newell avenue, Margaret Jones, West Pittsburg road, have returned from Camp Berkshire, Southwick, Mass.

The girls were engaged in threading tobacco leaves under the auspices of the University of Connecticut for the Hathaway and Steane company. They report having had an enjoyable time. With chaperons, the girls were given an outing one day at Ocean Beach Park, along the Atlantic Ocean. At the camp, there was a fine recreation program for the girls every day; there were teams formed for soft ball and volley ball games. The camp was near Lake Congamond with an opportunity for swimming.

The girls return to their school studies today, and feel they would like to return to Connecticut next summer.

LAKE ERIE TOWN

HAS OWN 'TROPICS'

NORTH EAST, Pa., Sept. 3.—
(INS)—Cold winds may blow off
Lake Erie and whip up huge snow
drifts around North East in the
winter time, but there are back
yards in the little town that look
more like the tropics during the
summer months.

Pine trees hang heavy with their
fruit from mid-August until the
first frost at the homes of Louis
Larocco and Anthony Scherange.

Larocco planted his first fig tree
20 years ago when a friend gave
him a shoot. He has taken shoots
from that tree and planted others,
and has given shoots to Scherange
for planting.

Now each harvests a heavy crop
annually.

Larocco says that in winter the
branches of the bush-like tree are
pushed to the ground and covered
with dirt for protection from the
cold. In spring, when uncovered,
they spring back into position and
the leaves start to bud within a
few days.

Local Farmers Take
Honors At Stoneboro

Five County Livestock Judging
Contests Brings Honors To
Lawrence County
Farmers

At the five county livestock judg-
ing contests held at the Stoneboro
Fair, which closed on Labor Day,
signal honors went to teams from
Lawrence county. The teams were
made of active farmers, F.F.A. men,
the 4-H clubs, and veteran ex-
G.I.s.

The competition which drew
farmers from Lawrence, Beaver,
Butler, Mercer, Venango and Craw-
ford county was participated in by
about 150 men.

In the F.F.A. group, the farmers
from East Brook comprised of Ted
Wallace, Charles Reiber and Don-
ald Smith took first place. New Wil-
mington's team composed of Ed.
Ligo, William Byers and Allen
Rogers, placed third.

The P.F.A. livestock group from
East Brook, composed of Harold
McConnell, James Bush and Arthur
Rote, also placed. In the judging
of the farm dairy cattle, the East
Brook adult team composed of John
Wallas, Mitchell Wallas and Glenn
Lockhart, placed first.

In the adult livestock judging
contest, East Brook came through
with a second place rating. This
team was made up of Lloyd Brad-
ley, Arnold and Kenneth McCon-
nell. In the veteran's dairy cattle
judging contest, Lawrence took first
and second places. The first place
team was made up of Bill Burns,
Wes Brown and Floyd Gardner.
The second place team was Wayne
Kennedy, Norman Dougherty and
Earl Hillard.

In the veterans' livestock judging
contest, Lawrence county's team of
Carl Elder, Ernest Cameron and
John Clark took second place.

John Clark of Lawrence county
came through with flying honors,
when he came through with 591
points out of a possible 600 in the
judging contests.

The first place teams brought
back to the county gold and blue
felt banners, telling of the honor
won by the team at the Stoneboro
fair.

PLAN STRIPS EARLY FOR FALL
CONTOURING

Most Lawrence County farmers
who change from field to contour-
strip operations to control erosion
make the change either in the
spring or fall.

Starting in the spring with corn
strips in sod necessitates holding
intervening sod strips still another
year to avoid adjoining strips of
corn and oats, with consequent ex-
posure to washing. A spring start
also means that if production is to
be balanced, extra corn acreage
must be found elsewhere.

In late summer strips can be laid
out in sods scheduled for corn the
next spring. Alternate strips are
plowed and sown to wheat or winter
barley and seeded down the next
spring when intervening strips go
into corn. By that time the winter
grain will be well enough advanced
to retard washing.

The following year alternate
strips will be in oats or wheat and
hay, and the strip-cropping rota-
tion established.

A fall start may give more wheat
than usual, but wheat is the crop
most easily sown and harvested in
extra amounts. Of, if winter barley
can be grown, the barley grain can
be substituted for corn in the feed-
ing ration. This makes any re-
duced corn acreage less of a handi-
cap.

To assure a good catch of clover
in wheat on sod land, use proper
amount of lime and fertilizer, with
perhaps a top-dressing of manure
in the winter. Early plowing and
thorough fitting will be factors in
producing a good crop of winter
grain on sod.

Farmers desiring assistance in
starting contour strip layout may
get individual help from the Agri-
cultural Extension Association, 206
Post Office Building, New Castle.

HERE AND THERE IN SPORTS' LAND

TWO BITTER LOCAL RIVAL MIDDLEWEIGHTS, Jack Biddle and Russell Baxter, have been matched by Matchmaker Tommy Leach of the Jefferson Athletic club to battle 10-rounds in the air-cooled Arena the night of September 15. The bout was arranged Monday. Jack returned recently from a successful invasion of the east where he collected several knockouts. After defeating Al Sayers, here, Baxter essayed an eastern tour, but was defeated at West Springfield, Mass. In age, Baxter had an advantage over Biddle, being about six or seven years his junior. In hitting ability, Biddle carries a deadly left hook while Baxter's right, when it lands, is punishing. In speed, Russell is faster than Biddle. Both have gone into training at different periods of the day at the Jefferson Athletic club.

Chappie Eckels caught a six pound small-mouth bass in Georgia Bay which he presented to Jack Davis. Margaret Henry home will be the beneficiary of the baseball game between City and County league stars which will be staged the night of September 10. Ladies auxiliary of the Fraternal Order of Eagles 455, are sponsoring the event. Art Robinson, of Pittsburgh, is another fighter who knows how it feels to be decisively by Tony Janiro of Youngstown. Art lost in New York. Dan Bankhead who made his debut recently with the Dodgers, pitched for Montford Point, Camp Lejeune, N. C. marine team. Westminster griddists began their drills Monday. Rizieri Ronzi, Youngstown, knocked out Johnny Randall, also of Youngstown, who went three rounds with Elkins Brothers, further complicating the heavyweight situation. He turned the trick at Sharon. Les Leasure of Youngstown, who boxed here, kayaked Jim Martin, Akron; Johnny Paolitti, Youngstown, decisively Chuck Gibbons; Sonny Marsh, Niles, stopped Herb McDonald and Ronald Delaney, Akron, stopped Clyde Wagner, Niles, in 55 seconds.

ABANDONED BABY N STARTLES DRIVER

LANCASTER, Pa., Sept. 3.—(INS)—An unexpected face greeted Walter T. Gable today when he climbed into his automobile at Lancaster. It was a nine or ten months old boy blissfully asleep in a pink blanket on the front seat. He took the abandoned baby to Lancaster hospital where physicians said its condition was good except for a slight cold. State police said there were no clues to the infant's identity.

Coffee houses were first opened in the 16th century in Constantinople. In London they were a sort of clubhouse, free to all who could buy a cup of coffee, and yet known for the special circle of visitors, literary, scientific, religious or political.

FIRST LINE OF DEFENSE

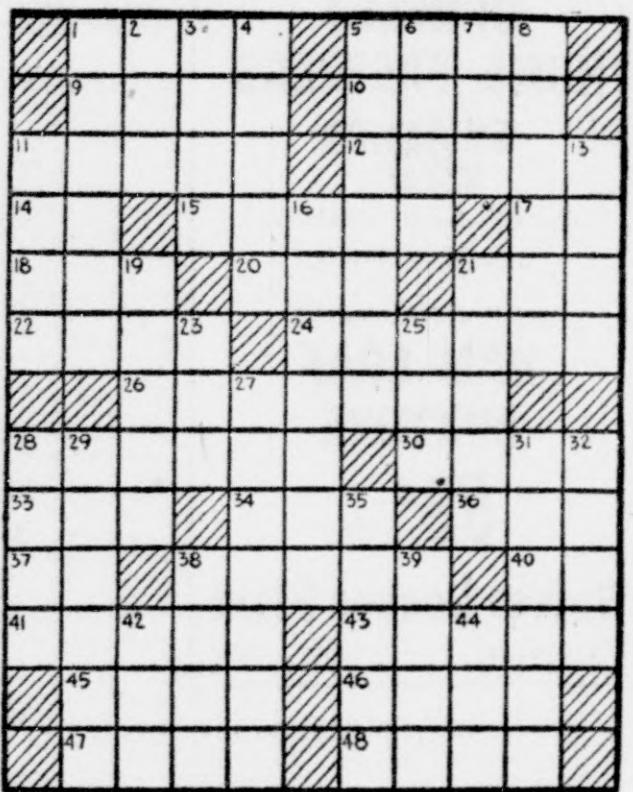

TOKYO, Sept. 3.—(INS)—Gen. George C. Kenney, commander of the U. S. Strategic Air Forces now visiting Tokyo, described Japan, Okinawa and the Philippines today as America's "first line of defense" in the Far East.

He declared the American Air Forces are better trained now than during the peak of the fighting against Japan. Gen. Kenney also disclosed the principal purpose of his trip to Japan. He said he came to confer with Gen. Douglas MacArthur and Lt. Gen. Banis C. Whitehead of the rotation of heavy bombardment groups between the United States, Japan and Germany in a global air force training program.

Baron Robert Clive (1725-74) was the English general whose achievements laid the foundations of the British Indian empire.

TWO PILOTS SECURE PRIVATE LICENSE

Fred Howland, 1804 East Washington street, and Steve Travers, 111 Quest street, secured their private pilots' licenses Tuesday at the New Castle Airport, after having met the necessary requirements.

Spider webs usually are built on the south side of trees.

City Hall

Will Construct Sanitary Sewer

Council Authorizes Construction Of Sewer In Jackson Avenue

OTHER NEWS OF CITY BUILDING

Members of city council convened Tuesday in city hall and upon motion by Property Director Joseph D. Alexander, adopted an ordinance authorizing the construction of a sanitary sewer in Jackson avenue between Vogan and Syling streets, as a part of the Vogan street sanitary sewer system. Under provisions of the ordinance assessments for the sewer need not be paid until the lots are actually connected.

B. N. Hanlon, city treasurer, today reported to council actual receipt of U. S. government 1 3/4 percent interest bonds, purchased by the city out of a recent bond issue, have been received and are in the Union Trust company safe deposit vault. The \$180,000 worth bought because the city does not need that amount for proposed projects at this time. The bonds are under control of the bank, Treasurer Hanlon and Finance Director Albert Hoyland.

Employees of the street department relieved firemen at the Cressey grocery fire Sunday night, Monday and Monday night, because the firemen had been on the job and required relief.

James Gibson, director of streets and sewers reported no great difficulty resulted from Saturday night's storm. Considerable dirt was washed into catch-basins, a few of which were plugged. However, they have since been cleaned. No trouble was had with the sanitary sewer system.

Council ordered \$400 paid to the State Highway department as the city's share of the resurfacing of Atlantic avenue, Moravia and South Jefferson streets, projects completed recently. The improvement by the state added three more good streets to the city's thoroughfare system.

When Thomas A. Edison invented the phonograph, the first words he recorded were those of the well-known poem "Mary Had a Little Lamb".

Private Pilot's License Earned By Four At Airport

Penn Aero Service at New Castle Airport reported today that four pilots gained their private license on Monday at the local port.

Pilot's granted their licenses were: Harold Braden, New Castle; Jess Long of 1215 West State street; Robert Colbert, R. D. 1; and Donald Hoover, Edenburg.

James Hoover of New Castle completed his cross country solo flight, making the trip to Erie, Pittsburgh and return.

Mr. and Mrs. J. Snyder and Joseph Gargaz, operators of the flying school, spent Labor Day at Cleveland at the air races.

Coal tar is now considered the most versatile material of modern chemistry. For 100 years it was considered a waste product or found limited use as a roofing material.

Tired, "All-In"-Listless Feeling Brought To Halt

As Vibrant Energy is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.
